DECD Rolls Out New Business Marketing Tool, Website

At a recent Economic Development Summit, Commissioner Catherine Smith of the Connecticut Department of Economic and Community Development (DECD) announced the creation of a new website, [DECD For Business](#), that makes available numerous marketing resources and business-development resources for Connecticut companies looking to grow, market, and expand.

The website includes dozens of downloadable informational resources that highlight the advantages of doing business in Connecticut, presents details about key sectors of expertise like Medical Devices, Green Energy, Digital Media, Insurance, Aerospace, Bioscience, and Financial Services. It also links to details about tax incentives, grants, loans, business assistance programs, and technical assistance for growing companies.

This new website truly centralizes the vast array of resources the State has available for marketing and support of CT businesses and is worth checking out. Please go to www.decdforbusiness.com to see for yourself.
