To the Board of Finance, Town Manager and Honorable
Members of the Hebron Board of Selectmen
Town of Hebron, Connecticut

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of audited financial. This report is published to fulfill that requirement for the fiscal year ended June 30, 2007.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

McGladrey & Pullen, LLP, Certified Public Accountants, have issued an unqualified ("clean") opinion on the Town of Hebron, Connecticut's financial statements for the year ended June 30, 2006. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A is intended to complement this letter of transmittal and should be read in conjunction with it.

Profile of Government

Hebron covers an area of 36.9 miles and is 20 miles southeast of Hartford. Its location is within the suburban fringe of the Hartford metropolitan area. Hebron is bounded on the east by Columbia, the southeast by Lebanon, the south by Colchester, the west by Marlborough and Glastonbury, the north by Bolton, and the northeast by Andover. The Town is traversed by Connecticut Routes 66 and 85. Included in Hebron town limits are Amston (formerly

Turnerville), once a thriving mill area, and Gilead, which grew up around the Congregational Church founded there in 1748.

Hebron is considered to be a semi-rural community. The Town's business community is located primarily along Route 66 near the intersection with Route 85. There is also a neighborhood business center located in the southern part of Town near Amston Lake.

The Town of Hebron adopted a charter in 1988, effective as of November 21, 1989. The Charter was amended on November 5, 1996 and again on November 4, 2003. The Charter retains a Town meeting form of government, with an elected five-member Board of Selectmen serving overlapping four-year terms and a six-member Board of Finance serving overlapping four-year terms. A Town Manager, appointed by the Board of Selectmen, acts as the chief executive and chief administrative officer of the Town, and is responsible to the Board of Selectmen for the administration of all departments and agencies with elected heads or members. The Town Manager has the authority to appoint various officers, including a Finance Director who, among other duties, acts as the Town Treasurer and the agent of all Town funds.

The Board of Education is the policy-making body for grades kindergarten through six. Grades seven through twelve are governed by Regional School District Number 8, composed of the Towns of Hebron, Andover and Marlborough. A member town may withdraw from the District, but such withdrawal does not affect the obligation of the member town to District bondholders.

The Town provides a full range of services including public safety, street maintenance, sanitation, health and human services, public parks and recreation, library, education, culture, public improvement, planning, zoning, sewer and general administrative services.

Regional School District Number 8

Regional School District No. 8 was organized in 1957 under provisions of the Connecticut General Statutes, Section 10-45, after approval by the member towns of Hebron, Andover and Marlborough. Regional Hebron Andover Marlborough (RHAM) Middle School in Hebron accommodates grades 7 and 8, and Regional Hebron Andover Marlborough (RHAM) High School in Hebron serves grades 9-12. Each member town maintains and funds its own school district, which provides elementary education grades K-6.

Local Economy

The Town aggressively pursues economic and physical stabilization and revitalization. After many years of steady population growth, Hebron has recently seen a 21% increase in population from 1990 to 2000 (Source: Federal Census). Consequently the Town is involved with several projects which will improve both the tax base and quality of life in Hebron.

Major Initiatives:

Acquisition of Two Pieces of Public Works Equipment (Snow Plows) – The Hebron Public Works Department in keeping with the capital replacement program established, these two trucks are part of the capital improvement replacement program. The trucks ordered are designed to

have the Town be on a one large truck per year replacement program and one truck was a medium size plow truck.

Development of the East Street Parcels. This project consists of two parcels slated for use as a recreational facility and a small portion as a public works satellite facility for the north end of Town. The Town has approved a Bond Authorization for \$4,494,000 for recreational development which will maximize the number of recreational fields in the community and enhance the amount of open space for the community. The Town anticipates that most of the development should occur in next two fiscal years.

Relevant Financial Policies:

Budgetary Control

The Town maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Selectmen and Board of Finance. Activities of the general fund are included in the annual appropriated budget. Project-length budgets are prepared for the capital projects funds. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is the departmental level within each fund. The Town also maintains an encumbrance accounting system as one method of maintaining budgetary control. Unencumbered amounts lapse at year end. Encumbered amounts at year end are reported as reservations of fund balance.

As demonstrated by the statements and schedules included in the financial section of this report, the Town continues to meet its responsibility for sound financial management.

Cash Management

It is the policy of the Town to invest funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Town and conforming to all statutes governing the investment of funds. Idle cash during the year was invested in temporary, legally permitted investments on a short-term basis.

Pension Plan

The Town administers a single employer public employee retirement system (PERS). In addition, Board of Education teachers are fully covered by the noncontributory State Teachers' Retirement System. The Town of Hebron PERS completed the year with net assets available at fair value of approximately \$1,719,455.

Substantially all Town employees and Board of Education non-certified employees are eligible to participate in a defined contribution money accumulation pension plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. To be eligible to participate in the plan, the employee must be at least twenty-one years of age and complete one year of service. The Plan does not allow for employee contributions. The Town contributes five percent of compensation for Board of Education non-certified employees and seven percent for all Town employees. Plan assets are invested and

administered by ING Life Insurance and Annuity Company. At June 30, 2007, there were approximately 80 participants in the plan. The Town contributes seven percent of compensation for two Town employees to ICMA and fifteen percent for the Town Manager to ICMA. Plan assets are invested and administered by ICMA. At June 30, 2007, there were three participants in the plan. Employer contributions become fully vested upon completion of six years of service.

Risk Management

The Town has a comprehensive program for managing all areas of risk, which includes health and life insurance for active and retired employees, workers' compensation, heart and hypertension, property and casualty, general liability, professional liability, and others including theft, performance and surety.

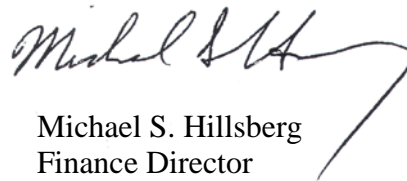

Awards and Acknowledgments:

The Government Finance Officers Association of United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Hebron, Connecticut for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2006. This was the second year that Hebron has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire Finance Department staff and members of other departments who assisted in its compilation. I would like to express my appreciation to all members of the Town who assisted in its preparation. The combined support of you, the Town Manager, Board of Selectmen and the Board of Finance, who remain committed to fiscal integrity and financial leadership, is also appreciated.

Respectfully submitted,

Michael S. Hillsberg
Finance Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Town of Hebron
Connecticut

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2006

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Finance
Town of Hebron, Connecticut

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Hebron, Connecticut (the "Town") as of and for the year ended June 30, 2007, which collectively comprise the Town's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards" issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Hebron, Connecticut as of June 30, 2007, and the respective changes in financial position thereof and the budgetary information for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 13 to the basic financial statements, the Town adopted the infrastructure provision of GASB Statement No. 34 as of July 1, 2006.

In accordance with "Government Auditing Standards," we have also issued our report dated January 8, 2008 on our consideration of the Town of Hebron, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with "Government Auditing Standards" and should be considered in assessing the results of our audit.

The management discussion and analysis on pages 3 through 10 is not a required part of the basic financial statements, but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, the budgetary detail, combining and individual nonmajor fund statements, capital assets schedule, other schedule, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The budgetary detail, combining and individual nonmajor fund statements, capital asset schedule and other schedule have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

McGladrey & Pullen, LLP

New Haven, Connecticut

Town of Hebron, Connecticut

Management's Discussion and Analysis

June 30, 2007

As management of the Town of Hebron, Connecticut (the "Town") we offer readers of the financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2007. We encourage readers to consider the information presented here along with additional information we have furnished in our letter of transmittal, as well as the Town's basic financial statements that follow this section.

Financial Highlights

1. On a government-wide basis, the assets of the Town exceeded its liabilities resulting in total net assets at the close of the fiscal year of \$52,012,125.
2. On a government-wide basis, during the year, the Town's net assets increased by \$700,986. Governmental activities expenses were \$30,480,714, while revenues were \$31,181,700.
3. At the close of the year, the Town's governmental funds reported, on a current financial resource basis, combined ending fund balances of \$6,585,226, an increase of \$512,057 from the prior fiscal year. Of the total fund balance as of June 30, 2007, \$6,409,717 represents the combined unreserved fund balance in the general fund, special revenue funds, capital projects funds and permanent fund.
4. At the end of the current fiscal year, the total fund balance for the general fund alone was approximately \$2.8 million, a decrease of \$1,017,391 from the prior fiscal year. Unreserved General Fund fund balance at year-end represents 9% of total general fund expenditures and transfers out.
5. The Town's debt decreased by approximately \$1.2 million during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town's basic financial statements. The basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information as well as the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business. All of the resources the Town has at its disposal are shown, including major assets such as buildings and infrastructure. A thorough accounting of the cost of government is rendered because the

statements present all costs, not just how much was collected and disbursed. They provide both long-term and short-term information about the Town's overall financial status.

The statement of net assets presents information on all of the Town's assets and liabilities, with the difference reported as net assets. Over time, increases or decreases in net assets may serve as an indicator of whether the financial position of the Town is improving or deteriorating. It speaks to the question of whether or not, the Town, as a whole is better or worse off as a result of this year's activities. Other non-financial factors will need to be considered, however, such as changes in the Town's property tax base and the condition of the Town's infrastructure, to assess the overall health of the Town.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in some future fiscal period, uncollected taxes and earned but unused vacation leave are examples.

The governmental activities of the Town of Hebron include education, general government services, public safety, public works, planning & development, human services and community services. Property taxes, charges for services and state and federal grants finance most of these activities. The Town currently has no business type activities.

The government-wide financial statements (statement of net assets and statement of activities) can be found on pages 11-12 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control and accountability over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Town has three kinds of funds:

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains 17 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues,

expenditures, and changes in fund balances for the General Fund, Debt Management Fund, Sewer Assessment Fund and Capital Projects Fund, which are considered major funds. Data from the other governmental funds are combined into a single, aggregated presentation as Other Governmental Funds. Non-major governmental funds for the Town include the Hebron Park Fund, the Miscellaneous Grants Fund, the WPCA Sewer Operation Fund, the Small Cities Grant Fund, the Marion Celio Angel Fund, the Land Acquisition Fund, Douglas Library Fund, the Recreation Fund, the Historic Records Preservation Fund, the EMS Fund, the Tri-Centennial Commission Fund and the Cafeteria Fund. These are all considered special revenue funds. Permanent Funds consist of the Cemetery Trust Fund. Individual fund data for each of these non-major governmental funds is provided in the combining balance sheets on pages 52-53 and in the combining statement of revenues, expenditures and changes in fund balances (deficits) on pages 54-55.

The Town adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the authorized budget. The statement of revenues, expenditures, encumbrances and transfers out on a budgetary basis can be found on page 16.

The basic governmental fund financial statements (balance sheet and statement of revenues, expenditures and changes in fund balances) can be found on pages 13-14 of this report.

Proprietary funds. The Town maintains no proprietary funds.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to provide services to the Town's constituency. The Town has a pension trust fund and agency funds. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 17-18 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19-43 of this report.

The notes to this report also contain certain information concerning the Town's progress in funding its obligation to provide pension benefits to its employees.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. On a government-wide basis, the Town's assets exceeded its liabilities by \$52,012,125 at June 30, 2007.

TOWN OF HEBRON, CONNECTICUT

Net Assets (\$000's)

As of June 30, 2007 and 2006

	June 30, 2007	June 30, 2006, As Restated
	Primary Government Governmental Activities	Primary Government Governmental Activities
Current and other assets	\$ 8,570	\$ 8,458
Capital assets	53,567	54,270 *
Total Assets	62,137	62,728 *
Current liabilities	1,584	1,691
Long-term liabilities	8,541	9,726
Total Liabilities	10,125	11,417
Investment in capital assets, net of related debt	44,096	43,642 *
Restricted	10	10
Unrestricted	7,906	7,659
Total Net Assets	\$ 52,012	\$ 51,311

* It should be noted that in the current fiscal year, the Town valued and accounted for all infrastructure assets. In the prior year, the Town only accounted for infrastructure acquired from July 1, 2002 through June 30, 2006. As a result, the beginning balance, July 1, 2006, of capital assets, was restated as required by GASB Statement No. 34.

Total net assets for Governmental Activities at fiscal year-end were \$52 million, up from \$51 million in the previous year after restatement of capital assets. Of the Town's total net assets at June 30, 2007, \$7.9 million or 15.2% is unrestricted. This compares with last year's total unrestricted net assets of \$7.7 million or 23.3% unrestricted.

The largest portion of the Town's net assets, 85%, reflects its investment in capital assets (e.g., land, buildings, machinery and equipment and infrastructure), net of depreciation and any outstanding debt related to these assets. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the

resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Unrestricted net assets of \$7,906 may used to meet the Town's ongoing obligations to citizens and creditors.

TOWN OF HEBRON, CONNECTICUT

Changes in Net Assets (\$000's)

For the Years Ended June 30, 2007 and 2006

	June 30, 2007	June 30, 2006
	Primary	Primary
	Government	Government
	Governmental	Governmental
	Activities	Activities
Revenues:		
Program Revenues:		
Charge for services	\$ 2,093	\$ 1,966
Operating grants and contributions	5,856	6,424
Capital grants and contributions	390	269
General Revenues:		
Property taxes	21,458	20,119
Grants not restricted to specific programs	895	541
Unrestricted investment earnings	489	337
Total revenues	31,181	29,656
Expenses:		
General government	3,387	3,034
Education	22,301	21,180
Public safety	1,025	1,106
Health and welfare	1,307	1,088
Public works	1,415	1,183
Sewer and other	556	540
Interest on long-term debt	489	321
Total expenses	30,480	28,452
Change in net assets	701	1,204
Net Assets, beginning	51,311	31,824
Restatement for infrastructure	-	18,283
Net Assets, ending	\$ 52,012	\$ 51,311

* The beginning balance of net assets was restated to account for the complete valuation of Town infrastructure as of July 1, 2006. The restatement of the changes to Net Assets for the year ended June 30, 2006 was not practical due to the current year valuation.

Governmental Activities

For Governmental Activities, more than 68.8% of the revenues were derived from property taxes, followed by 18.8% from other intergovernmental revenues.

Major revenue factors included:

1. Property tax revenues recorded during fiscal year 2007 reflect an increase in the mill rate for the current levy and a revaluation.
2. Investment income was better than anticipated.

For Governmental Activities, 73.2% of the Town's expenditures relates to education, 3.4% relates to public safety, 11.1% to general government, 4.6% to public works, 4.3% to health and human services, 1.6% to interest on long-term debt, and those are the major percentages.

Major expenditure factors include:

1. Education expenditures in the General Fund increased by 5.2% from \$21.2 million to \$22.3 million.

Financial Analysis of the Fund Financial Statements

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's general fund reported combined ending fund balances of approximately \$2.8 million, a decrease of \$1,017,391 as reported on June 30, 2006; \$2,597,544 of this total amount constitutes unreserved fund balance that is available for spending at the Town's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed: \$158,472 for encumbrances.

As stated earlier, the fund balance of the Town's general fund decreased by \$1,017,391 during the current fiscal year. The key factor in this decrease is as follows:

1. Increase in transfers out of approximately \$1 million primarily to the Capital Projects Fund to fund capital outlay.

As of the end of the current fiscal year, the Debt Management Fund increased by \$663,833, due to a transfer of \$593,787.

The Sewer Assessment Fund decreased its fund balance by \$184,891, ending with a fund balance of \$358,828 as of June 30, 2007. This decrease was caused by transfers out of \$480,000.

The Capital Projects Fund had an increase in fund balance of \$738,689 as capital outlay did not exceed revenues and transfers in the current year.

General Fund Budgetary Highlights

The difference between the original budget and the final amended budget was \$1,248,125. The additional appropriations approved during the year were principally for debt management, purchase of a fire truck and other capital improvements.

During the year, actual revenues and other financing sources on a budgetary basis were approximately \$29.1 million, which exceeded budgetary estimates by \$621,183. Actual tax revenues exceeded budget by \$243,141, which in part represents more aggressive pursuit of delinquent taxes. Actual fees, permits and licenses were \$28,988 under budget due to less activity than expected in building fees, conveyance tax, engineering fees, and other fees. Interest income was \$154,337 over budget due to higher than expected interest rates.

Actual expenditures on a budgetary basis and other financing uses totaled \$30,196,688, which were less than actual revenues and other financing sources on a budgetary basis by \$38,384.

Capital Assets and Debt Administration

Capital assets. The Town's investment in capital assets for its governmental activities as of June 30, 2007, amount to \$53,567,261 net of accumulated depreciation. This investment in capital assets includes land, building and system improvements, machinery and equipment, park facilities, and infrastructure.

TOWN OF HEBRON, CONNECTICUT

Capital Assets (Gross)

As of June 30, 2007 and 2006

	June 30, 2007	June 30, 2006, As Restated
Land	\$ 9,610,993	\$ 9,610,993
Construction in progress	226,310	-
Buildings and improvements	24,923,321	24,923,321
Furniture and equipment	7,310,586	7,041,690
Infrastructure	20,498,118	20,120,022
Total	\$ 62,569,328	\$ 61,696,026

Additional information can be found in Note 7 of this report.

Major capital asset events during the current fiscal year included the following:

1. Replacement of public works vehicles (\$198,000).
2. Improvements to the Town's facilities (\$226,000)

Long-term debt. At the end of the current fiscal year, the Town had total bonds and notes outstanding of \$9,842,346. 100% of this debt is backed by the full faith and credit of the Town. The Town's total debt decreased by \$1,188,331 during fiscal 2007.

The last bond rating was for the General Obligation Bond Issue of 2004 for Fire Company #2, totaling \$1,800,000. The Bonds were rated A1 by Moody's Investor Service.

The overall statutory debt limit for the Town is equal to seven times annual receipts from taxation or \$149,053,443.

Additional information on the Town of Hebron's long-term debt can be found in Note 8 of this report.

Economic Factors and Next Year's Budgets and Rates

The Town has not been immune from the effects of the national economic downturn. As of June 2007, the unemployment rate for the Hebron Labor Market Area was 3.9%, as in prior year. Connecticut's overall unemployment rate stands at 4.4%, compared with 4.3 % for the same time last year. The State of Connecticut continues to reduce funding to the Town and other municipalities. This, coupled with unfunded educational mandates and increased employee benefit costs, creates a challenge for Hebron. The Town, however, is poised to overcome such challenges with its commitments to economic development, cost reduction, debt reduction and a comprehensive re-zoning plan.

Requests for Information

The financial report is designed to provide a general overview of the Town's finances for all those with an interest in government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town of Hebron, Finance Director, 15 Gilead Street, Hebron, Connecticut 06248.

TOWN OF HEBRON, CONNECTICUT

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended June 30, 2007

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances – total governmental funds	\$ 512,057
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	(702,832)
Revenues reported in the statement of activities that do not provide current financial resources are not reported as revenues in the funds until they become measurable and available.	(294,346)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	1,189,999
Some expenses reported in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds until they are paid.	<u>(3,892)</u>
Change in net assets of governmental activities	<u><u>\$ 700,986</u></u>

The notes to the financial statements are an integral part of this statement.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS

June 30, 2007

Note 1. Summary of Significant Accounting Policies

Reporting entity

The Town of Hebron, Connecticut (the "Town"), was incorporated in 1708. The Town operates under a Charter which became effective in November 1988 and was most recently amended in November 2003. The form of government includes an elected Board of Selectmen consisting of five members, an elected six member Board of Finance, and an elected seven member local Board of Education.

The legislative power of the Town is vested with the Board of Selectmen and the Town Meeting. The Board of Selectmen may enact, amend or repeal ordinances and resolutions. The administration of Town offices and agencies, with the exception of the local Board of Education, is the responsibility of the Town Manager, who is appointed by the Board of Selectmen.

The Board of Finance is responsible for financial and taxation matters as prescribed by Connecticut General Statutes, and is responsible for presenting fiscal operating budgets for Town Meeting approval.

The Town provides the following services: police, fire, community health and social services, solid waste removal, cultural and recreation services, education, streets and highways, planning and zoning, public improvements and general administrative services.

Accounting principles generally accepted in the United States of America require that the reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided in Government Accounting Standards Board Statement Codification 2100 have been considered and there are no agencies or entities which should be presented with the Town.

Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are fiduciary fund financial statements, except for Agency Funds which have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied for. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred as under accrual accounting, however, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due (matured).

Property taxes when levied for, intergovernmental revenue when eligibility requirements are met, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual (measurable) and so have been recognized as revenues of the current fiscal period, if available. All other revenue items are considered to be measurable only when cash is received by the Town, or specifically identified.

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Management Fund* is used to account for the accumulation of reserves to stabilize the effect on the mill rate of future debt service requirements.

The *Capital Projects Fund* is used to account for the financial resources for the acquisition and construction of major capital facilities.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

The *Sewer Assessment Fund* is used to account for the activities related to sewer assessment and collection.

Additionally, the Town reports the following fund types:

The *Pension Trust Fund* is used to account for the accumulation of resources to be used for retirement benefits.

Agency Funds account for monies held as a custodian for outside groups and agencies, and are used for senior activities, performance bonds and student activities. Agency funds have no measurement focus; however, they do follow the accrual basis of accounting.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

Pension plan accounting

Pension Trust Fund:

The Pension Trust Fund is reported on the accrual basis of accounting. Employer contributions to the plan are recognized when due and the Town has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. Administrative costs are financed through investment earnings. Stand-alone statements are not issued.

Governmental Funds:

Expenditures are recognized when they are paid or are expected to be paid with current available resources.

Funding Policy:

The Town contributes five percent (5%) of compensation for Board of Education non-certified employees and seven percent (7%) for all Town employees.

Accounting estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and expenditures during the reporting period. Actual results could differ from those estimates.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year-end are reported as a reservation of fund balance as they do not constitute either expenditures or liabilities.

Property taxes

Property taxes are assessed as of October 1 and are levied on the following July 1. Real estate tax greater than \$250 is due in two installments on July 1 and the following January 1. Liens are filed on delinquent real estate taxes within one year.

Cash equivalents

The Town considers all certificates of deposit and highly liquid short-term investment funds with original maturities of three months or less, when purchased, to be cash equivalents.

Allowances for doubtful accounts

Accounts and notes receivable for the primary government are reported net of allowance for doubtful accounts of approximately \$80,000. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon collection history and an analysis of the creditor's ability to pay.

Investments

Investments are stated at fair value, based on quoted market prices. All of the Town's investments are recorded in the Pension Trust Fund. Fixed income funds are reported at fair value based on the unit prices quoted by the fund representing the fair value of the underlying investment. The Connecticut State Treasurer's Short-Term Investment Fund is an investment pool managed by the State of Connecticut Office of the State Treasurer. Investments must be made in instruments authorized by Connecticut General Statutes 3-27c through 3-27e. Investment guidelines are adopted by the State Treasurer. The fair value of the position in the pool is the same as the value of the pool shares.

The balance of the pooled fixed income investments were invested in a pool similar to a 2a-7. The fair value of the position in the pool is the same as the value of the pool shares. These investments are stated at amortized cost.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Inventories

Inventories are stated at lower of cost on FIFO method or market. Governmental fund type inventory consists of expendable foods and supplies and is recorded as an expenditure when consumed.

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 for furniture, equipment and buildings, and \$50,000 for infrastructure. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at fair value at the date of donation.

In the current year, the Town valued and reported all infrastructure from July 1, 2006 and prior.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the Town is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	25-50
Building improvements	25-50
System infrastructure	20-50
Furniture and equipment	5-25

Capital assets are reported as expenditures (capital outlay) and no depreciation expense is reported in the governmental fund financial statements.

Compensated absences

Town employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement.

Sick leave and vacation leave expenditures are recognized in the governmental funds in the current year to the extent they are due. The liability for the remainder of the vested sick leave and vacation leave, and an estimate of the nonvested portion expected to be paid in future periods, is accounted for in the government-wide statement of net assets. The vesting method

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

using historical data was used to calculate the liability. Compensated absences are generally liquidated by the general fund.

Long-term obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Debt principal payments are reported as expenditures.

In the government-wide financial statements, net assets are classified in the following categories:

Invested in Capital Assets, Net of Related Debt - This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduces this category.

Restricted Net Assets - This category represents the net assets of the Town, which are restricted by external parties (creditors, grantors, contributors or laws and regulations).

Unrestricted Net Assets - This category represents the net assets of the Town, which are not restricted for any project or other purpose.

In the fund financial statements, fund balances of governmental funds are classified in three separate categories as follows:

Reserved fund balance – indicates that portion of fund equity that is not available for appropriation or which has been legally segregated for specific purposes.

Unreserved/Designated fund balance – indicates that portion of fund equity for which the Town has made tentative plans.

Unreserved/undesignated fund balance – indicates that portion of fund equity which is available for appropriation and expenditure in future periods, or if a deficit, for which future funding will be required.

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Note 2. Reconciliation of Government-Wide and Fund Financial Statements

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this difference are as follows:

Bonds payable	\$ (6,715,000)
Deferred charge on refunding	371,050
Clean Water Fund notes payable	(3,127,346)
Capital leases payable	(57,974)
Compensated absences	<u>(223,000)</u>
Net adjustment to decrease fund balance – total governmental funds to arrive at net assets – governmental activities	<u><u>\$ (9,752,270)</u></u>

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this difference are as follows:

Capital outlay	\$ 873,302
Depreciation expense	<u>(1,576,134)</u>
Net adjustment to decrease net changes in fund balances – total governmental funds to arrive at changes in net assets of governmental activities	<u><u>\$ (702,832)</u></u>

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Another element of that reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.” The details of this difference are as follows:

Principal repayments:	
General obligation debt and Clean Water Fund notes	\$ 1,188,331
Capital leases	32,589
Deferred charge on refunding	<u>(30,921)</u>
Net adjustment to increase net changes in fund balances -	
total governmental funds to arrive at changes in net assets of	
governmental activities	<u><u>\$ 1,189,999</u></u>

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources.” The details of the difference are as follows:

Accrued interest	\$ 4,108
Compensated absences	<u>(8,000)</u>
Net adjustment to decrease net changes in fund balances - total	
governmental funds to arrive at changes in net assets of	
governmental activities	<u><u>\$ (3,892)</u></u>

Note 3. Budgets and Budgetary Accounting

General Fund

At least one hundred fifty (150) days before the end of the fiscal year, the head of each department, office or agency of the Town, supported wholly or in part from Town funds, except the Regional Board of Education, files with the Town Manager a detailed estimate of the expenditures to be made and the revenues, other than property taxes, to be collected in the ensuing fiscal year.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

The Town Manager, with the assistance of the Financial Administrator, reviews the budget estimates with the heads of all Town supported departments, offices and agencies. No later than one hundred twenty (120) days prior to the end of the fiscal year, the Town Manager presents to the Board of Selectmen a proposed budget. In preparing the proposed budget, the Town Manager may add to, delete from or eliminate requests made by the various departments, offices and agencies, except that he may only comment and make recommendations on the budget requests of elected officials and the local Board of Education. The Town Manager includes in the budget the estimated budget request of Regional School District #8.

The Board of Selectmen reviews the budget estimates and make further revisions, except that the Board may only make recommendations in the budgets prepared by other elected officers, elected Town agencies and the local Board of Education. The Board of Selectmen submits its budget recommendations to the Board of Finance no later than ninety (90) days before the end of the fiscal year.

The Board of Finance holds at least one public hearing on the budget as presented. The Board of Finance may review the budget requests with the head of each department, board, agency and commission including the local Board of Education. The Board of Finance then prepares a budget to be presented to the annual Town budget meeting.

The Town Charter provides the manner which is to be utilized by Town Meeting in acting upon the budget. The Board of Finance may make supplemental appropriations during the year provided that such appropriations do not cumulatively exceed one-half of one percent (.005) of the current year budget, excluding the amount appropriated to the Regional School District. All subsequent supplemental appropriations are subject to Town Meeting approval. The Board of Finance is authorized to approve transfers from one department, office or agency to another only within the last three (3) months of the fiscal year.

The Charter also provides for the making of emergency appropriations which do not require Town Meeting approval. There were no emergency appropriations made during the year.

Unexpended appropriations lapse at the end of the fiscal year unless specifically continued in force to the subsequent period.

The General Fund budget is prepared on a modified accrual basis of accounting. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued, and accordingly encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year. There were \$158,472 of encumbrances as of June 30, 2007 in the General Fund.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

A reconciliation of General Fund revenues as presented in accordance with GAAP and revenues presented on the budgetary basis is as follows:

Revenue and transfers in - budgetary basis	\$ 29,074,163
On-behalf payments paid directly by the State of Connecticut Teachers' Retirement System	<u>685,000</u>
Revenues and transfers in - GAAP basis	<u><u>\$ 29,759,163</u></u>

A reconciliation of expenditures and transfers out of the General Fund, as reported, and expenditures and transfers out on the budgetary basis is as follows:

Expenditures and transfers-out, budgetary basis	\$ 30,196,688
On-behalf payments paid directly by the State of Connecticut Teachers' Retirement System	685,000
Changes in reserves for encumbrances and liquidation of encumbrances	<u>(105,134)</u>
Expenditures and transfers-out, GAAP basis	<u><u>\$ 30,776,554</u></u>

Special Revenue Funds

The Town does not have legally adopted annual budgets for its special revenue funds. Budgets for the various special revenue funds that are utilized to account for specific grant programs are established in accordance with the requirements for the grantor agencies. Such budgets are non-lapsing and may comprise more than one fiscal year.

Capital Projects Funds

Legal authorization for expenditures of the capital projects funds is provided by the related bond ordinances and/or intergovernmental grant agreements or Connecticut General Statutes. Capital appropriations do not lapse until completion of the applicable projects.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Note 4. Cash, Cash Equivalents and Investments

Deposits: The Town does not have a policy for deposits. The Town also does not have a custodial credit risk policy. However, as a practice, the Town follows State statutes. The State of Connecticut requires that each depository maintain segregated collateral in an amount equal to a defined percentage of its public deposits based upon the bank's risk based capital ratio.

Investments: The Town and the Pension Trust Fund do not have a custodial credit risk policy for investments. The Town and the Pension Trust Fund do not have a policy for investments of related credit risk for debt securities, however, it is their practice to follow State statutes. The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: (1) obligations of the United States and its agencies; (2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof; and (3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open-end money market mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the Connecticut Short-Term Investment Fund and the Tax Exempt Proceeds Fund. Other provisions of the Statutes cover specific municipal pension funds with particular investment authority and do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries.

Interest rate risk: The Town does not have a policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, including its Pension Trust Fund. However, its practice is to structure the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools.

Concentrations: The Town, including its Pension Trust Fund, does not have a formal policy that limits the amounts invested in any one issuer. However, its practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer.

Custodial credit risk:

Deposits: This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an out side party. As of June 30, 2007, \$2,205,933 of the Town's bank balance of \$2,613,745 was uninsured and uncollateralized.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Investments: This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Cash and investments of the Town consist of the following at June 30, 2007:

Cash and Cash Equivalents

Deposits with financial institutions	\$ 2,276,640
State of Connecticut Short-Term Investment fund	4,305,108
MBIA- Class Account	163,500
Total cash and cash equivalents	6,745,248

Investments

Pension Trust Funds:	
Mutual Funds	1,719,455
Total investments	1,719,455
Total cash, cash equivalents and investments	\$ 8,464,703

Cash, cash equivalents and investments are classified in the accompanying financial statements as follows:

Statement of Net Assets

Cash and cash equivalents	\$ 6,654,703
---------------------------	--------------

Fiduciary Funds:

Cash and cash equivalents	90,545
Investments	1,719,455
	1,810,000
Total cash, cash equivalents and investments	\$ 8,464,703

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Interest rate risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Information about the exposure of the Town's debt type investments to this risk using the segmented time distribution model is as follows:

	Fair Value	Investment Maturities (in Years) Less Than 1 Year
Pooled Income Fund	\$ 4,468,608	\$ 4,468,608

Credit Risk: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. Presented below is the minimum rating as required for each debt-type investment.

Average Rating	Pooled Income Funds
AAA	\$ 4,305,108
AA	163,500
	<u>\$ 4,468,608</u>

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2007

Note 5. Unearned Revenue/Deferred Revenue

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and governmental activities also report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue and deferred revenue reported in the governmental funds and governmental activities were as follows:

	Deferred Revenues	Unearned Revenue
General Fund:		
Delinquent property taxes receivable	\$ 387,234	\$ -
Major Funds:		
Sewer assessments not yet due	1,280,744	-
Nonmajor Funds:		
Grants and other revenues	-	113,018
Total	<u>\$ 1,667,978</u>	<u>\$ 113,018</u>

Note 6. Interfund Receivables, Payables and Transfers

As of June 30, 2007, interfund receivables and payables that resulted from various interfund transactions were as follows:

	Due From Other Funds	Due To Other Funds
General Fund	\$ 730,412	\$ 207,322
Other Nonmajor Funds	54,175	103,990
Capital Project Fund	-	467,058
Sewer Assessment Fund	-	6,217
Totals	<u>\$ 784,587</u>	<u>\$ 784,587</u>

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued June 30, 2007

Balances resulted principally from the funding of capital and other expenditures by the general fund; in addition, the balances resulted from short-term advances from the General Fund to various other funds.

Interfund transfers during the year ended June 30, 2007 were as follows:

	Transfers From Other Funds	Transfers To Other Funds
General Fund	\$ 530,000	\$ 2,335,281
Capital Projects Fund	1,523,994	-
Sewer Assessment Fund	-	480,000
Debt Management Fund	593,787	-
Non-Major and Other Funds	217,500	50,000
Totals	\$ 2,865,281	\$ 2,865,281

Transfers are used to account for unrestricted revenues collected mainly in the general fund to finance various programs accounted for in other funds in accordance with budget authorizations.

Transfers into the general fund are primarily to make principal and interest payments on general obligation and clean water debt.

TOWN OF HEBRON, CONNECTICUT

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

As of June 30, 2007, the outstanding long-term indebtedness of the Town was as follows:

	<u>Outstanding Amount</u>
General Obligation Bonds:	
\$1,535,000 General Obligation bond, issued October 1997, interest payable at rates from 4.3% to 5.0%, due in principal amounts ranging from \$100,000 to \$105,000 annually through 2012.	\$ 600,000
\$1,800,000 General Obligation bond, issued July 15, 2004, interest payable at rates from 3.875% to 4.5%, due in principal amounts of \$90,000 annually through July 2024.	1,620,000
School Bonds:	
\$5,720,000 School bond, issued October 21, 2004, interest payable at rates from 2.0% to 4.0%, due in principal amounts ranging from \$100,000 to \$415,000 annually through 2019.	4,495,000
Clean Water Fund Notes:	
\$7,511,895 Clean Water Fund note, issued August 1992, interest payable at 2%, due in principal amounts ranging from \$390,195 to \$448,212 through 2012.	2,154,880
\$1,895,060 Clean Water Fund note, issued May 1994, interest payable at 2%, due in principal amounts ranging from \$107,885 to \$123,926 through 2012.	595,803
\$1,133,393 Clean Water Fund note, issued November 1995, interest payable at 2%, due in principal amounts ranging from \$67,405 to \$78,951 through 2012.	<u>376,663</u>
Total general obligation bonds and notes payable	<u><u>\$ 9,842,346</u></u>

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

The annual debt service requirements of general obligation bonds and notes payable are as follows:

	Principal	Interest	Total
2008	\$ 1,190,098	\$ 312,105	\$ 1,502,203
2009	1,202,100	279,466	1,481,566
2010	1,204,341	245,575	1,449,916
2011	1,214,721	209,907	1,424,628
2012	1,221,086	177,439	1,398,525
2013	565,000	142,083	707,083
2014	465,000	122,295	587,295
2015	460,000	105,570	565,570
2016	455,000	89,077	544,077
2017	450,000	72,758	522,758
2018	440,000	56,108	496,108

2022	90,000	14,119	104,119
2023	90,000	10,125	100,125
2024	90,000	6,075	96,075
2025	90,000	2,025	92,025
	<u>\$ 9,842,346</u>	<u>\$ 1,923,868</u>	<u>\$ 11,766,214</u>

Prior Year's Debt Defeasance

In prior years, the Town defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the basic financial statements. At June 30, 2007, the Town's portion of bonds outstanding that are considered defeased is approximately \$4.1 million.

Bonds authorized but unissued

Total authorized but unissued debt at June 30, 2007 relating to capital projects is as follows:

General Purpose	\$ 500,000
Schools	8,550,940
	<u>\$ 9,050,940</u>

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Legal debt limit

The Town's indebtedness (including authorized but not unissued bonds), net of principal reimbursements expected from the state, does not exceed the legal debt limitation as established by the Connecticut General Statutes as reflected in the following schedule:

Category	Debt Limit	Indebtedness	Balance
General purpose	\$ 47,910,035	\$ 2,720,000	\$ 45,190,035
Schools	95,820,071	13,045,940	82,774,131
Sewers	79,850,059	3,127,347	76,722,712
Urban renewal	69,203,384	-	69,203,384
Pension deficit	63,880,047	-	63,880,047

The total overall statutory debt limit for the Town is equal to seven times annual receipts from taxation, or \$149,053,443. All long-term debt obligations are retired through General Fund appropriations.

Overlapping Debt

Hebron is a member of Regional School District #8 (the "District") which provides education for grades seven through twelve for the Towns of Hebron, Andover and Marlborough. As of June 30, 2007, the Town of Hebron's share will be approximately 52.92% of the remainder, or approximately \$16,200,000 of the Regional School District #8's outstanding bonds. These are general obligations of Regional School District #8 and its member towns.

Capital lease obligations

The Town has various capital leases in which they acquire capital assets. Interest rates on these leases range from 4.2% to 5.0%. The capital leases are for various computer equipment and vehicles. The leases are payable in monthly installments through 2010. Original cost and accumulated depreciation at June 30, 2007 of capital assets under such lease agreements are as follows:

Machinery and equipment	\$ 176,905
Accumulated depreciation	(134,277)
Net book value	<u>\$ 42,628</u>

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Future minimum lease payments under capital leases are as follows:

<u>Fiscal Year</u>	
2008	\$ 38,811
2009	22,853
2010	<u>1,209</u>
	62,873
Less amount representing interest	<u>4,899</u>
	<u><u>\$ 57,974</u></u>

Note 9. Employee Retirement Systems

Substantially, all Town employees and Board of Education non-certified employees are eligible to participate in a defined contribution money accumulation pension plan administered by the Town. The Plan is authorized under the Town Charter and can be amended by a vote of the Selectman. This plan is reported as a Pension Trust Fund in this report. All investments are invested and administered by the ING Life Insurance and Annuity Company and are reported at contract value. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings.

To be eligible to participate in the Plan, the employee must be at least twenty-one years of age and complete one year of service. The Plan does not allow for employee contributions. The Town contributes five percent (5%) of compensation for Board of Education non-certified employees and seven percent (7%) for all Town employees.

Employer contributions become fully vested upon completion of six years of service. Employer contributions to the Plan were \$181,528 (net of forfeitures). The Plan does not issue stand-alone financial statements.

Connecticut State Teachers' Retirement System

The faculty and professional personnel of the Board of Education participate in a contributory defined benefit plan, established under Chapter 167a of the Connecticut General Statutes, which is administered by the Connecticut State Teachers' Retirement Board. A teacher is eligible to receive normal retirement benefits if he or she has attained age sixty and has accumulated twenty years of credited service in the public schools of Connecticut or has attained any age and has accumulated thirty-five years of credited service, at least twenty-five of which are service in the public schools of Connecticut. The State of Connecticut Teacher Retirement System is considered to be part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106.

Certain part-time and full-time certified teachers are eligible to participate in the plan and are required to contribute 7.25% of their annual earnings to the plan. The Town does not, and is not legally responsible to, contribute to the plan.

The State of Connecticut contributes based on actuarially determined amounts. The funding level was determined based on an actuarial valuation of the plan as a whole, which does not provide actuarial information on an individual city/town basis.

In addition, the Town has recognized revenues and expenditures for on-behalf payments for pension contributions paid directly to the Connecticut State Teachers' Retirement System by the State of Connecticut. Such on-behalf payments were approximately \$685,000 for the year ended June 30, 2007.

Note 10. Fund Deficits

The following fund had fund deficits as of June 30, 2007:

Miscellaneous Grants Fund	<u>\$2,347</u>
---------------------------	----------------

The deficit is expected to be eliminated through transfers from the Town's general fund and from other revenue sources.

Note 11. Contingencies and Commitments

Lawsuits

The Town is currently involved in several litigation matters. In the opinion of the Town's management and legal counsel, the final settlement of these matters will not have a material adverse effect on the financial condition of the Town.

Intermunicipal Agreements and Commitments

Intermunicipal Agreement for Septage Waste Disposal

The Town is party to an intermunicipal agreement for septage waste disposal. The Town of East Hampton has agreed to accept septage from Hebron and four other towns. East Hampton borrowed \$837,000 from the State of Connecticut Clean Water Fund to finance improvements to its plant to accommodate septage from the other towns. Each town is committed to paying a portion of the cost of improvements over a twenty-year period. Additionally, operating costs and a utilization fee will also be charged and the agreement may be terminated by either party with notice. The actual amount paid this year for the Town's portion of the improvements was \$19,500.

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Intermunicipal Agreement for an Equalization Tank and Sewerage Study

The Town is party to an intermunicipal agreement with the Town of Colchester to install an equalization tank at the Prospect Hill Station and to conduct a sewerage study. The total cost of the equalization tank net of State grants received was \$372,709 and the cost of the sewerage study net of State grants received is \$11,044. The annual payment is based on the cost divided by twenty years times a percentage of Colchester's annual flow. The total revenue received for the year ended June 30, 2007 is \$20,050. The agreement is subject to termination.

Regional District #8

The Towns of Hebron, Marlborough and Andover have approved an appropriation of \$70,585,000 for Regional School District #8 construction. The project will be eligible for approximately \$35,147,000 in State grants. The balance will be bonded and each town will pay its proportionate share of debt to the Regional School District each year. The Regional School District has debt outstanding of approximately \$35,326,000 on this project. Hebron's share will be approximately 52.92% of the outstanding debt, or approximately \$16,200,000.

Note 12. Risk Management

The Town is exposed to various risks of loss related to public official liability, police professional liability, theft or impairment of assets, errors or omissions, injury to employees, natural disasters, employee health, and owners and contractors protective liability.

The Town purchases commercial insurance for all risks of loss including blanket and umbrella policies. Coverage has not been materially reduced, nor have settled claims exceeded commercial coverage in any of the past three years.

Note 13. Implementation of New Accounting Pronouncement

As allowed under GASB No. 34, the Town elected in 2003 to record infrastructure on a prospective basis. As required at July 1, 2006, the Town restated its beginning net asset balance to include all infrastructure acquired prior to July 1, 2003.

As a result, for the fiscal year beginning July 1, 2006, the following restatement was made to beginning net assets for governmental activities:

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

Government-wide financial statements. Beginning net assets for governmental activities was determined as follows:

Governmental activities net assets as of June 30, 2006, as previously reported	\$ 33,028,557
Add: infrastructure assets not previously capitalized as of June 30, 2006	31,568,373
Deduct: accumulated depreciation as of June 30, 2006 on above infrastructure assets	<u>(13,285,791)</u>
Governmental activities net assets, restated, as of July 1, 2006	<u>\$ 51,311,139</u>

Note 14. Pronouncements Issued, Not Yet Effective

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations.

Management has not currently determined what, if any, impact implementation of the following standards may have on the financial statements:

- ◆ GASB Statement No. 45, “Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions,” issued June 2004, will be effective for the Town beginning with its year ending June 30, 2009. This Statement establishes standards for the measurement, recognition and display of other postemployment benefits, expenses and related liabilities or assets, note disclosures and, if applicable, required supplementary information in the financial reports.
- ◆ Statement No. 48, “Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues,” issued September 2006, is effective for periods beginning after December 15, 2006. This Statement establishes accounting and financial reporting standards for transactions in which a government receives, or is entitled to, resources in exchange for future cash flows generated by collecting specific receivables or specific future revenues. It also provides disclosure requirements for a government that pledges or commits future cash flows from a specific revenue source. In addition, this Statement establishes accounting and financial reporting standards for intra-entity transfers of assets and future revenues.
- ◆ GASB Statement No. 49, Accounting and Financial Reporting for Pollution Remediation Obligations, issued December 1, 2006, will be effective for the Town beginning with its fiscal year June 30, 2008, but the liability should be measured at July 1, 2007 so that

TOWN OF HEBRON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, Continued

June 30, 2007

beginning net assets can be restated. This Statement identifies the circumstances under which a government would have to estimate its expected outlays for pollution remediation if it knows a site is polluted, if the pollution poses an imminent danger to the public or the environment, if the government has violated a pollution prevention permit or license, if the government has been named as a responsible party for cleaning up the pollution, if the government began to clean up the pollution, and if the government is named in a lawsuit. In addition, it provides disclosure information about their pollution obligations associated with clean-up efforts.

- ◆ GASB Statement No. 50, "Pension Disclosures - an Amendment of GASB Statements No. 25 and No. 27," issued May, 2007. This Statement more closely aligns the financial reporting requirements for pensions with those for other post-employment benefits (OPEB) and, in doing so, enhances information disclosed in notes to financial statements or presented as required supplementary information (RSI) by pension plans and by employers that provide pension benefits. The reporting changes required by the Statement amend applicable note disclosure and RSI requirements of Statements No. 25, "Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans," and No. 27, "Accounting for Pensions by State and Local Governmental Employers," to conform with requirements of Statements No. 43, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans," and No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions." This Statement is effective for period beginning after June 15, 2007, except for requirements related to the use of the entry age actuarial cost method for the purpose of reporting a surrogate funded status and funding progress of plans that use the aggregate actuarial cost method, which are effective for periods for which the financial statements and RSI contain information resulting from actuarial valuations as of June 15, 2007, or later.
- ◆ GASB Statement No. 51, "Accounting and Financial Reporting for Intangible Assets," issued June, 2007. Governments possess many different types of assets that may be considered intangible assets, including easements, water rights, timber rights, patents, trademarks, and computer software. Intangible assets, and more specifically easements, are referred to in the description of capital assets in Statement No. 34, "Basic Financial Statements - and Management's Discussion and analysis - for State and Local Governments." This reference has created questions as to whether and when intangible assets should be considered capital assets for financial reporting purposes. An absence of sufficiently specific authoritative guidance that addresses these questions has resulted in inconsistencies in the accounting and financial reporting of intangible assets among state and local governments, particularly in the areas of recognition, initial measurement, and amortization. The objective of this Statement is to establish accounting and financial reporting requirements for intangible assets to reduce these inconsistencies, thereby enhancing the comparability of the accounting and financial reporting of such assets among state and local governments. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2009.

Nonmajor Governmental Funds

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Hebron Park Fund - is used to account for revenue from the cell tower antenna.

Miscellaneous Grants Fund - is used to account for grants relating to various activities.

WPCA Sewer Operations Fund - is used to account for the operations of the WPCA.

Small Cities Grant Fund - is used to account for U.S. Housing and Urban Development grants relating to the Community Development Block Grants.

Marian Celio Angel Fund - is used to account for donations for seniors who have a hardship and need help.

Land Acquisition Fund - is used to account for funds to purchase open space.

Douglass Library Fund - is used to account for small donations made to benefit the Library.

Recreation Fund - is used to account for program revenues and expenditures.

Historic Records Preservation Fund - is used to account for funds related to fees collected by the Town Clerk for historic records preservation.

Cafeteria Fund - is used to account for the operations of the school lunch program.

EMS Fund - is used to account for the operations of the ambulance services.

Tri-Centennial Commission Fund - is used to account for a Townwide celebration for the 300th anniversary of Hebron's establishment in 1708.

Permanent Funds

Permanent Funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the Town's programs.

Cemetery Fund - is used to account for funds donated for the upkeep of various cemeteries in Town.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Members of the Board of Finance
Town of Hebron, Connecticut

We have audited the basic financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Hebron, Connecticut (the "Town") as of and for the year ended June 30, 2007, which collectively comprise the Town of Hebron, Connecticut's basic financial statements, and have issued our report thereon dated January 8, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards," issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting: In planning and performing our audit, we considered the Town of Hebron, Connecticut's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Hebron, Connecticut's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Hebron, Connecticut's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent and detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town's financial statements that is more than inconsequential will not be prevented or detected by the Town's internal control. We consider the deficiency described in the accompanying schedule of findings and questioned costs to be a significant deficiency in internal control over financial reporting (Item IC07-1).

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we do not believe that the significant deficiency described above is a material weakness.

The Town of Hebron, Connecticut's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the Town's response and accordingly, we express no opinion on it.

Compliance and Other Matters: As part of obtaining reasonable assurance about whether the Town of Hebron, Connecticut's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under "Government Auditing Standards."

We noted certain matters that we reported to management of the Town of Hebron, Connecticut in a separate letter dated January 8, 2008.

This report is intended solely for the information and use of management, the Board of Finance of the Town of Hebron, Connecticut, state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH THE STATE SINGLE AUDIT ACT AND ON THE
SCHEDULE OF AWARDS/EXPENDITURES OF STATE FINANCIAL ASSISTANCE**

To the Members of the Board of Finance
Town of Hebron, Connecticut

Compliance

We have audited the compliance of the Town of Hebron, Connecticut with the types of compliance requirements described in the "Office of Policy and Management Compliance Supplement to the State Single Audit Act" that are applicable to each of its major state programs for the year ended June 30, 2007. The major state programs are identified in the summary of auditor results section of the accompanying schedule of state single audit compliance findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Town of Hebron, Connecticut's management. Our responsibility is to express an opinion on compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in "Government Auditing Standards," issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Those standards and the State Single Audit Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Town of Hebron, Connecticut's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town of Hebron, Connecticut's compliance with those requirements.

In our opinion, the Town of Hebron, Connecticut complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended June 30, 2007.

Internal Control Over Compliance

The management of the Town of Hebron, Connecticut is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but, not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Hebron, Connecticut's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a state program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a state program such that there is more than a remote likelihood that non-compliance with a type of compliance requirement of a state program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency or a combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a state program will not be prevented or detected by an entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Awards/Expenditures of State Financial Assistance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Hebron, Connecticut as of and for the year ended June 30, 2007, and have issued our report thereon dated January 8, 2008. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Town of Hebron, Connecticut's basic financial statements. The accompanying schedule of awards/expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, the Board of Finance of the Town of Hebron, Connecticut, the Office of Policy and Management, and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TOWN OF HEBRON, CONNECTICUT

NOTES TO SCHEDULE OF AWARDS/EXPENDITURES OF STATE FINANCIAL ASSISTANCE

For the Year Ended June 30, 2007

Various departments and agencies of the State of Connecticut have provided financial assistance to the Town of Hebron through grants and other authorizations in accordance with the General Statutes of the State of Connecticut.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Hebron, Connecticut conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant policies relating to the aforementioned grant programs.

Basis of Accounting

The financial statements contained in the Town of Hebron, Connecticut's basic financial statements are prepared on the modified accrual basis of accounting.

The Schedule of Awards/Expenditures of State Financial Assistance, contained in this report, is also prepared on the modified accrual basis of accounting and on regulations established by the State of Connecticut Office of Policy and Management. In accordance with these regulations (Section 4-236-22), certain grants are not dependent on expenditure activity, and accordingly, are considered to be expended in the fiscal year of receipt. These grant program receipts are reflected as awards in the awards/expenditures column of the Schedule of Awards/Expenditures of State Financial Assistance.

As a result, certain classifications of revenues and expenditures under accounting principles generally accepted in the United States of America differ from classifications utilized for the Schedule of Awards/Expenditures of State Financial Assistance.

2. LOAN PROGRAMS

In accordance with Section 23(a)(4)(F) of the regulations to the State Single Audit Act, the notes to the Schedule of Expenditures of State Financial Assistance shall include loans and loan activities. The following is a summary of the various loan program activity for the year ended June 30, 2007:

II. FINANCIAL STATEMENT FINDINGS

- We issued reports, dated January 8, 2008, on compliance and on internal control over financial reporting based on an audit of basic financial statements performed in accordance with the standards applicable to financial audits contained in "Government Auditing Standards."
- Our report on compliance indicated no reportable instances of noncompliance.
- Our report on internal control over financial reporting indicated a matter that we consider to be a significant deficiency. The significant deficiency is described below.

IC07-1. Criteria:

The Town should reconcile the bank accounts on a monthly basis. In addition, all reconciliations must be reviewed and approved by a person independent of the cash receipt and disbursement process.

Condition:

Monthly bank reconciliations were not timely performed.

TOWN OF HEBRON, CONNECTICUT

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued
For the Year Ended June 30, 2007

Cause:

The Town has not reconciled the bank accounts on a monthly basis.

Context:

The Town bank reconciliations were not performed on a routine/monthly basis.

Effect:

Transactions may be recorded in error, and fraud can occur.

Recommendation:

All bank accounts should be reconciled on a month basis to the general ledger and be properly reviewed, in accordance with Town policies and procedures.

Corrective Action Plan:

The Town will implement procedures to ensure all cash accounts are reconciled timely.

III. FINDINGS AND QUESTIONED COSTS FOR STATE FINANCIAL ASSISTANCE
