Bixology: Engineering with LEGO™

Mad Science engineering program with LEGO™ Bricks

Brixology sets the foundation of our next generation of makers! Kids learn about different types of engineering and then team up to construct a different engineering-themed project using LEGO™ bricks. They learn about aerospace engineering while assembling a space station. They explore mechanical engineering as they build boats and vehicles. That's not all, from carnival rides to drawing machines, mechanical animals to truss bridges; your future engineer will build upon their creativity to solve real-world design challenges, while developing their problem-solving and team-building skills. Let the tinkering begin!

Hebron, Andover and Marlborough Youth Soccer have merged and is now RHAM Youth Soccer. We offer recreational/travel programs/teams for all ages from pre-Kinder through 15. Registration for the Spring generally opens in December and runs through early April.

Early registration is strongly encouraged as roster sizes are limited and late registrants are not guaranteed placement on teams.

Tryouts for Competitive squads are held in early June. Selected comp teams compete from the fall through the spring. If you are interested in volunteering or have any questions, please contact our president and registrar, T.J. Morelli-Wolfe, at Morelli.wolfe.law@gmail.com.

RHAM Youth Lacrosse offers kids in our community the opportunity to learn the exciting sport of lacrosse! Safety, sportsmanship, and skills development are at the absolute center of every part of the RHAM Youth Lacrosse experience, and we offer age-appropriate developmental lacrosse for boys and girls in kindergarten through 8th grade.

We offer **Learn-to-Play** sessions each fall to give new players (and parents!) a chance to see what lacrosse is all about – sign up to receive announcement emails on our website (rhamyouthlacrosse.com).

Registration begins in the late fall and ends in January.

Questions? Email RYL president Lynne Murray at lynnejmurray@gmail.com.
