Historic Charm
With a Vision for the Future

We Are Hebron Leadership Academy

We are Hebron Leadership Academy is a hands-on opportunity for town residents to learn about the inner workings of our town's government.

The sessions are structured to give the attendees a heightened awareness of the services the town delivers along with knowledge of local government operations.

By the conclusion of the sessions the resident will have an understanding of the functions of our local government and the roles of our town employees. Residents will realize then that they too can get involved and offer their talent to our town as a volunteer.
