### Medicare Annual Open Enrollment—More Detailed Info Page 4

Each year Medicare's open enrollment period is from October 15 through December 7. Medicare drug plans and Medicare Health Plans (also known as Medicare Advantage Plans) can make changes each year to your out-of-pocket costs (monthly premiums, deductibles, and drug copays), drugs covered, and network providers through which you can maximize savings.

During Medicare open enrollment it is strongly advised that you review any and all materials that your current plan sends you along with additionally examining all other potential options in order to ensure that your needs for the following year will best be met at the most reasonable cost. Often we encounter individuals who choose to simply stay with their current plan that have been working for them when indeed, for the upcoming year, there may be less expensive options providing the same service.

The Medicare Part B premium will be \$148.50 per month for 2021

If interested in evaluating your potential options for Medicare health and drug coverage for 2021, please contact the Senior Center at 860-228-1700 to set up and appointment for sometime during the October 15 through December 7 open enrollment period. Please see page 4 for detailed information on Open Enrollment.

**Please see update below from Maureen McIntyre, Chief Executive Officer, North Central Area Agency on Aging (NCAA)**

- Our agency is launching a new service designed to address food insecurity for folks who are able to prepare meals, unable to shop for groceries due to the pandemic, and who may be unable to pay for groceries as costs have significantly increased. We are providing a Grocery Shopping and Delivery service whereby we will cover the delivery charges, any shopping fees, and the cost of groceries at +/- \$100.00 per shopping trip. Many towns are running grocery shopping programs through their Senior Centers, but not as many are able to fund the groceries outright. We are partnering with Geissler's Supermarkets and with a local non-profit called UR Community Cares to do much of the delivery. (We will be adding to our grocery network shortly). Would the CERTs be interested in participating as well? In the meantime, we would love your assistance in spreading the word that this program is now available. We have not distributed any flyers or promotional materials as of yet, rather, we're reaching out strategically to our community stakeholders as we ramp up. Referrals can be directed here: (860)724-6443 x 268 "CHOICES".
- It looks as though many of our older adults may need to shelter-in-place throughout the summer and we're very concerned about their comfort and safety as they do so. We have funding at our disposal for items such as fans, air conditioners, lift-chairs, incontinence supplies, and emergency response systems for individuals who may be home-confined with or without the assistance of a caregiver or family member's support. Please contact us at (860)724-6443 x 230 "Caregiver Team"

## Energy Assistance Winter Heating Program

Beginning October 15, the Senior Center is taking applications for the CT Energy Assistance Program (CEAP).

The Connecticut Energy Assistance Program is designed to help offset the winter heating costs for a household's primary heating source. If the household's primary heating costs are included in rent, the household may also apply for assistance.

Benefits are available to households with incomes up to sixty percent of the state median income

**Household Size** – includes homeowners and renters paying separately for heat, and renters whose heat is included in rent, so long as more than 30% of gross income is paid towards rent.

1	2	3	4	5	6	7	8
Under	Under	Under	Under	Under	Under	Under	Under
\$37,645	\$49,228	\$60,811	\$72,394	\$83,977	\$95,560	\$97,732	\$99,904

### **\*\*A liquid assets test is an additional basic eligibility requirement. \*\***

Liquid assets include: checking, savings, CD's, stocks/shares, bonds, annuities, certificates of deposit and individual retirement accounts. **Individual Retirement Accounts are considered to be liquid assets if the accounts are in the name of a household member who is 59-and-one-half years old or more.** The purpose of the liquid assets test is to try to ensure that winter heating assistance dollars go to households most in need; that is, to people without the financial means to heat their home.

For homeowners, the first \$15,000 in liquid assets, and for other households, the first \$12,000 in liquid assets, is disregarded. Any amount over that limit, when added to the annual gross income must be below the income guidelines.

Due to the current COVID-19 crisis all applications for energy assistance will be completed over the phone. We will not have any in-person appointments. When you call the Senior Center, we will assess what documents you will need to provide us with and will set up a day and time for a telephone appointment approximately 14 days later. You will be mailed a list confirming what the necessary documents are and when your telephone appointment is. The documentation must be received prior to your phone appointment. They can either be mailed, faxed, emailed, or dropped off in a designated drop-off box at Senior Center.

The first day for fuel deliveries that can be paid by the Energy Assistance Winter Heating Program is November 2, 2020.

**Please see the next page (page 4) for detailed information on Open Enrollment.**

## **Five things to know about Fall Medicare Open Enrollment**

Open Enrollment, occurring **between October 15 and December 7**, is the time of year when you can make changes to your Medicare coverage, including your Prescription Drug coverage. You can:

Listed below are five things to keep in mind while you are choosing your Medicare coverage options.

### **1. Fall Open Enrollment occurs each year from October 15 through December 7.**

- Any change you make during Fall Open Enrollment will take effect January 1.
- In most cases, Fall Open Enrollment is the only time you can pick a new Medicare Prescription Drug Plan or a Medicare Advantage Plan
- If you currently have a Medicare Advantage Plan, you can also switch to Original Medicare. To get drug coverage, you should also join a Medicare Prescription Drug Plan.
- It is important to remember that you can change Medicare Supplement Plans, also known as Medigap Plans, at any time, not just during Medicare Open Enrollment.

### **2. Review your current Medicare health and drug coverage.**

- If you have Original Medicare, take a look at next year's Medicare & You handbook to know your Medicare costs and benefits for the upcoming year.
- If you have a Medicare Advantage Plan or a Medicare Prescription Drug Plan, you should receive an Annual Notice of Change (ANOC) and/or Evidence of Coverage (EOC) from your plan. Review these notices for any changes in the plan's costs, benefits, and/or rules for the upcoming year.
- Even if you are satisfied with your current Medicare coverage, look at other Medicare options in your area that may better suit your individual needs in the upcoming year. For example, check to see if there is another plan in your area that will offer you better health and/or drug coverage at a more affordable price. Research shows that many people can lower their costs by shopping among plans each year. There could be another plan in your area that covers the drugs you take with fewer restrictions and/or lower prices.

### **3. Help is out there.**

- The Senior Center provides no cost, unbiased assistance in reviewing your options. We can help you understand your Medicare coverage choices and navigate any changes
- If you feel comfortable, you can use Medicare's Plan Finder Tool at [www.medicare.gov](http://www.medicare.gov)
- The Plan Finder tool compares plans based on the drugs you need, the pharmacy you visit, and your drug costs. You can review your options for both Medicare Prescription Drug Plans and for Medicare Advantage Plans
- If you research a Medicare Advantage Plan online, also call the plan itself to confirm what you have learned. Make sure the plan includes your doctors and hospitals in its network. Confirm that the plan covers all your drugs, and that your pharmacies are in the preferred network. Write down everything about your conversation, including the date, the representative you spoke to, and any outcomes or next steps. This information may help protect you in case a plan representative gives you misinformation.

### **4. If you are dissatisfied with a Medicare Advantage Plan you choose during Fall Open Enrollment, you can change your plan during the Medicare Advantage Open Enrollment Period (MA OEP).**

- The [MA OEP](#) occurs each year from January 1 through March 31, with changes taking effect on the first of the month following the month you enroll. During this time, you can switch from one Medicare Advantage Plan to another, or switch from a Medicare Advantage Plan to Original Medicare with a Medicare Prescription Drug Plan

### **5. Understand the difference between Fall Open Enrollment and Open Enrollment for the state or federal Marketplaces.**

- The Federal Marketplace available as part of the Affordable Care Act (also known as Exchanges) offer annual open enrollment periods for uninsured and underinsured Americans. This enrollment period may overlap with Fall Open Enrollment. The Marketplaces are typically not meant for people with or eligible for Medicare.
- If you have or are eligible for Medicare, you should only use the Fall Open Enrollment Period (October 15 through December 7) to make changes to your Medicare coverage.

The Russell Mercier Senior Center will be hosting the free evidence-based Aging Mastery Program developed by the National Council on Aging again this Fall. We wanted to reach out to our community to see who would be interested in attending **this VIRTUAL program that will be held for 5 weeks on Tuesdays and Thursday starting October 13 through November 12 from 9:00AM to approximately 10:30AM.**

The Aging Mastery Program provides a comprehensive and fun approach to positive aging by focusing on key aspects of health, finances, relationships, personal growth, and community involvement. Central to the Aging Mastery philosophy is the belief that modest lifestyle changes can produce big results. Mastery comes from turning these lifestyle changes into habits that lead to improved health, stronger economic security, enhanced well-being, and increased societal participation.

We know attending a virtual class can be intimidating, especially if it is your first one. This is why we would like to offer one-on-one assistance on how to attend a virtual meeting. If you are interested in attending and need assistance learning how to log into a virtual meeting, Danielle (our intern) has offered to make home visits to show you how to log into a virtual meeting.

If you are interested in participating in the Aging Mastery Program, please contact the senior center at (860) 228-1700 to sign-up; we need a general headcount by September 30 to prepare course materials. Each participant will be receiving a comprehensive workbook containing a host of valuable information.

When you call, please make sure to let us know if you would like to have Danielle come to your home, prior to the program's start date, to show you how to log into the virtual meetings. We will be using the ZOOM format for the meetings.

### **What are AMP's results?**

Results have been very encouraging and consistent since the classroom version of Aging Mastery launched in 2013. Results have shown that older adults in the program participants significantly increased their:

- Social connectedness
- Physical activity levels
- Healthy eating habits
- Use of advanced planning
- Participation in evidence-based programs
- Adoption of several other healthy behaviors

Program graduation and satisfaction data continue to provide support that the program resonates with participants as both fun and educational.

### **New Program Starting Soon**

**Would you enjoy having the opportunity to get calls from someone who shares your interests?** The Senior Center is offering a program that helps to match people interested in receiving calls with people interested in making calls. The calls are intended to be a fun way for people to connect, share interests, hobbies, stories, etc., and just chat! You just need a regular phone. While it can be a cell phone, it surely doesn't have to be, and doesn't have to have any special features. No computer or high tech equipment is needed. You set the call schedule that you wish – day, time, frequency, etc. For more information and/or to begin receiving calls, please contact the Senior Center at 860-228-1700.

## **STAY CONNECTED**

### **Helping Older Adults and Persons with Disabilities connect with medical providers, community, family and friends during COVID-19**

#### **Objective:**

To connect adults aged 18 years of age with a disability or older adults sixty years of age with the most appropriate Assistive Technology (AT) to foster improved communication with medical professionals, family/friends and the community during COVID-19.

#### **Screening:**

All five Area Agencies on Aging and Centers for Independent Living will use a validated 6question screening tool during calls to their agency to select individuals who would gain the most from technology help. Those eligible, will be referred to one of three CT Tech Act partners for a technology consultation and training.

#### **Connection and Training to Technology:**

The CT Tech Act partner will conduct a remote consultation with the identified individual to find the best selection of AT device based on the person's needs and preference. Guidance on the price/purchase location for the AT device/internet will be provided to the individual. When needed, an internet ready device will be mailed to the home for this consultation and training and applications for the device may be uploaded onto recommended AT devices once the device has been bought. The individual will get training and support after the device is in the home. A connection to community supports will be made for future training support. Individuals who need only training and support for existing devices will be eligible for the grant.

#### **Referrals:**

Refer appropriate individuals who would benefit to the "Get Connected" program to their Area Agency on Aging (1-800-994-9422) or Center for Independent Living Program.

# Monthly Recipes

## Cheese Chicken Soup

### Ingredients

- 4 cups shredded cooked chicken breast
- 3-1/2 cups water
- 2 cans (10-3/4 ounces each) condensed cream of chicken soup, undiluted
- 1 package (16 ounces) frozen mixed vegetables, thawed
- 1 can (14-1/2 ounces) diced potatoes, drained

### Directions

- In a Dutch oven, combine the first 5 ingredients. Bring to a boil. Reduce heat; cover and simmer until vegetables are tender, 8-10 minutes. Stir in cheese just until melted (do not boil).

## Maple Mustard Chicken

### Ingredients

- 6 boneless skinless chicken breast halves (6 ounces each)
- 1/2 cup maple syrup
- 1/3 cup stone-ground mustard
- 2 tablespoons quick-cooking tapioca
- Hot cooked brown rice

### Directions

- Place chicken in a 3-qt. slow cooker. In a small bowl, combine the syrup, mustard and tapioca; pour over chicken. Cover and cook on low for 3-4 hours or until tender. Serve with rice. **Freeze option:** Cool chicken in sauce. Freeze in freezer containers. To use, partially thaw in refrigerator overnight. Heat through slowly in a covered skillet until a thermometer inserted in chicken reads 165°, stirring occasionally; add broth or water if necessary.

## Chocolaty S'mores

### Ingredients

- 1/4 cup butter, cubed
- 1 package (10 ounces) large marshmallows
- 1 package (12 ounces) Golden Grahams cereal
- 1/3 cup milk chocolate chips, melted

### Directions

- In a large saucepan, melt butter over low heat. Add marshmallows; cook and stir until blended. Remove from heat. Stir in cereal until coated.
- Press into a greased 13x9-in. pan using a buttered spatula. Drizzle with melted chocolate. Cool completely before cutting. Store in an airtight container.

### Test Kitchen Tips

Use a butter wrapper to press the cereal into the pan.

For a rich twist on a classic, add 1/4 cup of peanut butter to the marshmallows and stir a handful of chopped peanuts into the cereal. Make a s'more s'more (and lots of friends) by using one of these bars (halved lengthwise) instead of the graham cracker used in a traditional s'more. Yes, we went there.
