

Welcome to Hebron

Incorporated in 1708, the Town of Hebron is strategically located in Central Connecticut. As one of Connecticut's fastest-growing towns, Hebron offers ample, affordable land and homes for residential and business growth. Hebron has grown into a town of affluent, **educated, and health-conscious residents**. With nationally recognized schools, numerous recreational assets, and an appealing demographic, Hebron offers much more than scenic vistas and small-town charm.

The long-term vision of the community is for desirable country living complemented by a vibrant and thriving business center to serve residents and attract visitors. The town is aggressively pursuing strategies to turn that vision into reality. They have installed sewer, water, and natural gas lines in Hebron Center, improved walkability through streetscapes and infrastructure improvements, and have targeted federal, state, and local funding sources to develop commercial areas.

Historic charm with
a **vision for the future.**
