Promoting Hebron as "The Place To Be"

Hebron EDC Rolls Out New Interactive Promotional Brochure

The Town's Economic Development Commission has been undertaking a variety of initiatives to promote Hebron as an attractive destination to grow a family or grow a business. These projects include a video (see the bottom of this newsletter), [several targeted brochures](#), and [individual efforts](#) to encourage people to settle and invest in Hebron. Recognizing that many different people and businesses have a wide variety of priorities and reasons for selecting one community over another, the EDC has developed a wide-ranging, interactive brochure, which is now available on the Town website (and by clicking the image below).

This brochure is a snapshot of our Town, the residents, the many regional-scale activities that draw people to Hebron, our business community, our parks and vast open space, as well as some demographic information that gives a brief indication that we are the Town you are looking for to live, work and play.

The EDC welcomes your input on these efforts and encourages all residents and businesses to share this with their own networks so we can spread the word about Hebron - the Place To Be.

Our Mission

To promote the growth of Hebron's non-residential tax base in a manner consistent with the town plan while minimizing the impact on the existing environment or the desirable rural character of the community.
