**The Hebron Public Building Committee
On Behalf of
The Town of Hebron
And
Hebron Board of Education**

**HEBRON ELEMENTARY SCHOOL
RE-ROOFING PROJECT
PROJECT 2024-06**

ADDENDUM NO. 3

MAY 13, 2024

Each Respondent must acknowledge receipt of this Addendum by inserting its number within the cover letter of the **Request for Proposals (RFP) submission**. Failure to do so may result in the Respondent's disqualification.

This Addendum consists of two (2) Pages.

RFP PRESUBMISSION QUESTIONS

Q-13-Emolyee Background Checks-*The retention of a third-party firm in order to conduct background checks for our employees and the employees of subconsultants is an unusual request. Can you recommend such a firm? Or may we contact the State Police to do these background checks?*

A-13-This is not an unusual request especially for educational facilities. Yes, you may engage the Connecticut State Police to assist in this requirement or perform a web search of firms using the following: "Employment Background Screening Firms Near Me."

Q-14-Structural Drawings-*It appears that no structural drawings were provided for Hebron Elementary School. Without adequate structural documentation it will be necessary to conduct a field survey of the deficient or missing room areas. This will have an impact on our fees. Can you please confirm no additional structural drawings exist other than what was provided?*

HEBRON ELEMENTARY SCHOOL
RE-ROOFING PROJECT
ADDENDUM NO. 3
MAY 13, 2024

A-14- Please refer to and review Addendum No. 1, specifically pages 13 and 70 for this information.

Q-15-Thermal Imaging and Thermo-Scabs-Our Thermal Imaging consultant is asking what the difference is between thermal imaging and thermos-scans. He says they are the same thing. Can you please clarify?

A-15-Yes, he is correct in that they are one in the same and the terms are used interchangeably.

END OF ADDENDM NO. 3
