

A Message from Capitol Region Council of Governments

### **Crumbling Foundations Resource Guide**

Hello,

I hope this email finds you well. As you may know, the CT Foundation Solutions Indemnity Company (CFSIC) and CRCOG are working together to reach potential claimants in our most impacted communities, which includes your municipality. Our goal is to ensure that potential claimants can go on your town's website and find the information they need to file a CFSIC claim in a timely way. It is important to note that CFSIC will not be accepting new claims after June 30, 2030, and we want to make sure that everyone in your town knows how to apply and how to seek help.

As part of this effort, CFSIC and CRCOG have prepared a dedicated landing page for your municipal website. This landing page provides important information and many helpful links where your citizens can get the assistance they need.

We would ask that you make this resource available as soon as is practical. Here's a sample introductory note that you can use for the landing page:

“CFSIC and CRCOG have prepared a Crumbling Foundations Resource Guide for the Town of Hebron. To learn more about the crumbling foundations program and to seek any help you need, [click here](#).”

We appreciate your assistance with this important communications effort.

Please let me know if you can accommodate our request and feel free to contact me with any questions.

Thank you,
